WITH A TREMENDOUS CRASH BRICK WALLS COME DOWN

Part of Adams Building Crumbles to Dust In a Moment.

DISASTER IS AVERTED

By Warning Given Workers Employed at Potters' New Building Site.

THE LOSS WILL BE VERY HEAVY

With a mighty crash which sounded for several squares and which threw up clouds of dust which gave the appearance of a large explosion, almost one-half of the Adams building occu pied by the Moore Furniture company fell at 10 o'clock today into the cellar being excavated for the new building of the Potters' Building and Savings company, running from Broadway to Washington street and

facing Diamond street on the north. The miracle of the catastrophe is that although a large number of workexcavating and two members of the Moore company were in the store building, not a single person was in jured. The warning of the threatening collapse of the building was given some two minutes prior to the time it fell, and this gave time for the workmen and the two teams of Contractor John Rinehart to be removed to places of safety.

The Adams building, occupied by the Moore company, is almost a total loss. Although only about half of the western end of the building fell, the other part of the building is strained to a considerable extent, but Contractor Nease states that after the de bris is cleared away there is a large

Since the beginning of the work of excavating for the foundation of the new five story building for the Potters' Building and Savings company, considerable speculation has been rife as to whether or not the foundations of the Adams building were sufficient to hold it when the excavation went below the base of its foundation. Contractor Claude Nease, in an interview shortly after the collapse of the building, which occurred at 10:20 this morning, stated that he had consulted a number of the older builders of the city, experts in their line, and they had all agreed that it was not necessary to underpin the walls of the Adams building.

EXCAVATORS STRUCK

A SOFT STREAK "We at first considered the advisability of underpinning the walls" said Mr. Nease. "but later came to the conclusion that it was not necessary. We considered that if we placed the corcrete in in sections along the line of the Adams building, this would have been all right but for the fact that the excavators struck a soft vein at the southwest corner of the building, which, giving way, caused the western end of the building to collapse. We had no intention of underpinning the MR. HILL'S CAS BILL walls as they were considered in good shape. I will immediately start the work of clearing the cellar of the debris and work of the construction Whether It Will Get Through the Senof the building will proceed at once."

Contractor Nease met with J. W. Moore, of the Moore Furniture company, shortly before noon. bris. Contractor Hugh Johnston had just started his men to work on the preparation of the concrete foundation and he also noticed the condition of the walls and went to a telephone and called the office of Mr. Nease. The latter gentleman was not in, and before Mr. Johnson returned to the cellar the accident had occurred.

HEARD A CRACKLING IN STORE WALLS

The Moore furniture company is composed of John W. Moore, George Moore and C. E. Swan, the two for mer members of the company being in the building at the time of the ac cident. J. W. Moore states that he heard he walls cracking and ran to the Washington street entrance of the building and called to the workmen to get out of the way. He then went back through the store room and notified George Moore, who was in the cellar, to leave the building. Both the men left by the Broadway entrance not a minute before th crash came.

The demolished building was buil by John and S. J. Faulk in 1880. It was a two story brick, about 85 by 96 than the north side. It was used by the Faulk Bros. as a grocery store The building was later purchased by Harry Adams and was used for years ject will be carried out by local par hardware store. The building was later purchased by Harry Adams efit. The merchants of the city are and was used for years as a hardware jubilant over the prospects and antici store. It is now owned by Mrs. Dr Joseph Cartwright, Miss Bessie and most impossible to get a complete list Edward Adams, the children of Harry Adams. The building is estimated as being worth about \$4,000. The Moore following enumeration, though fore Furniture company has occupied the boding enough of prosperity, can only building less than a year. The part be taken as a small per cent of the ners claim to carry a stock worth in total number: the neighborhood of \$12,000, and they are as yet unable to estimate their loss. Mr. Moore states that the most fronting on Washington street and ex- that the story was correct and that valuable portion of the stock was in tending back to Broadway. The cost is the secion of the building which fell estimated at \$57,000.

STEPS TO BE TAKEN TO REPAIR DAMAGE

The accident is one which can only be regretted by business men and citiportion of the building that can be zens alike. There is encouragement in the announcement that the work on the construction of the new building will be continued at once, as the building is to be one of the finest if not already started on the building, which the finest in the city. The plans for the building have been drawn by Owsley & Bourcherle, the well known stories and frame structure on Fifth architects of Youngstown.

COLUMBIANS HOLD A JOYOUS REUNION

Club Members Enjoy Themselves With Music Oratory and

MOST HAPPY OCCASION

With a feast to delight the taste of the most fastidious epicure, and with oratory and music of a class befitting a much more pretentious occasion the members of the Columbian club once a prominent factor in the social life of East Liverpool, held a reunion and banquet at the Thompson hotel last evening. The feasting and merriment continued until an early hour of the morning and the occasion was one to be pleasantly remembered by all who were present.

First of all, the Columbian club boys want it understood that their organization is not dead. Although they no longer hold regular meetings, they maintain their organization and it was the unanimous sentiment of those at the banquet that social events are to be given more attention by the club hereafter. Before adjournment a committee was appointed to consider the advisability of putting the clui once more on the active list, and it was also determined that banquets similar to that of last evening ough to be given at least once a year. It is probable that that course will be pursued hereafter. As is well known this once dourishing club is composed of a number of the most prominent business and professional men of the of the bachelors had been diminished very rapidly by the wiles of Cupid that the club ceased to remain on an active footing. NEW POINTS TOUCHED UPON

The final hearing of testimony in the John W. Wyman case was started this morning at 11:15, more than an hour later than scheduled time, owing to the delay of attorneys appearing. Commissioner W. K. Gaston presided. Attorneys George E. Davidson and W. F. Lones represented the plaintiff and Attorney Jason H. Brookes the de fendant. Attorney Billingsley could not appear for the defendant, being indisposed. There was little interest manifested at the hearing, the court room being only about half filled and those present, with few exceptions, being parties directly interested.

It is expected that all of the testimony will be adduced before adjournment this evening. Commissioner Gaston will submit the testimony in full to the supreme court as soon as convenient for that tribunal. The testimony today was taken by Mr. Moren, a stenographer of New Castle, it being impossible for Miss Alice Glenn, the court stenographer of Lisbon, to attend, owing to the serious illness of her father. NEW POINTS TOUCHED UPON

The final hearing of testimony in the John W. Wyman case was started this morning at 11:15, more than an hour later than scheduled time, owing to the delay of attorneys appearing. Commissioner W. K. Gaston presided. Attorneys George E. Davidson and W. F. Lones represented the plaintiff and Attorney Jason H. Brookes the defendant. Attorney Billingsley could not appear for the defendant, being indisposed. There was little interest manifested at the hearing, the court room being only about half filled and those present, with few exceptions, being parties directly interested.

It is expected that all of the testimony will be adduced before adjournment this evening. Commissioner Gaston will submit the testimony in full to the supreme court as soon as convenient for that tribunal. The testimony today was taken by Mr. Moren, a stenographer of New Castle, it being impossible for Miss Alice Glenn, the court stenographer of Lisbon, to attend, owing to the serious illness of her father. Camden, April 22 .- The 63 members of Camden local, No. 50, Brotherhood of Operative Potters, who have been locked out at the Camden pottery, Twelfth and Mt. Vernon streets, pending a settlement of the wage question, have returned to work and the pottery is again in full blast.

At the office of the Camden pottery it was stated that the exising differences will be settled by arbitration April 22.

The trouble originated over the dissatisfaction of the kilnmen and when they stopped work the balance of the employes were compelled to quit. The kilnmen received 19 days' pay for placing a kiln of ware up to last fall, when they were cut to 17% days for placing a kiln of ware preparatory to and including its burning. They worked under protest, pending settlement of the question by arbitration. They claim the kilns of the company are larger than the regulation size or which an allowance of 161/2 days' pas is made.

According to the men, the dispute was settled by the arbitration committee in their favor last March, and when the pottery company was re quested to conform to the scale the men were locked out. Later these facts were reported to the arbitration president of the Camden Pottery comsentative potters and three workmen,

The lassitude exhibited in this matter is inexplicable, says the Crock-tent of \$600. ery and Glass Journal. Every day opens the commercial way more clearly to the "mongrel" sets; and for the sake of the pottery interest of this \$9,000 country these goods ought to be confined to a prescribed sphere of influence. Delay is dangerous, and the manufacturers should take up the troublesome question for discussion at their very next meeting.

At the age of 15 years Mr. Kountz PHYS'. was made captain of a large keel boat running from Pittsburg to the lower waters of the Ohio. This was many years before the steamboat was introduced on the western rivers. The boat of which Mr. Kountz had charge was propelled by means of a pole down the river, and it was operated by sails on the return trip. Many years before the outbreak of the civil war Mr. Kountz established the Kountz line. This was the largest line of freight steamers that entered the St. Louis harbor. Dozens of boats were operated by the company and while Mr. Kountz was at the head of the concern, it is said that he placed

more steamboats on the western rivers than any man in the United States. In war times he was appointed 3 quartermaster by Gen. George B. Mc-Clellan. Shortly after his appointment he took a large fleet of boats laden with soldiers from Pittsburg to Cairo. It was on that trip that Mr. Kountz obtained the title of Commodore, and by that title he was known to rivermen and sailors all over the United States. During the war Mr. Kountz

SHANTY BOATS NEED A LICENSE

The State Law on the Subject Very Plain In Its Provisions.

BOATMEN MUST MOVE ON

Unless They Are Disposed to Comply With the Provisions of the Statute. Fee Not Large and Money Goes to the County.

The shanty boats moored under the river bank from the eastern to the western limits of the city must go unless the owners of them comply with the state law, as it provides for any craft attached to the Ohio side of the river. The law is very stringent and a movement will be started to have it enforced.

Hardly a day passes that there is not a complaint of some kind registered against the inhabitants of the shanty town districts. Chief Wyman stated yesterday that he has threatened to move the boats time and again, but that the owners of the boats invariably tell him that he has no jurisdiction; that they are protected by the marine law and that no local official can govern them. It is deplored by the citizens in general that the city should be so marred by the long list of boats on its frontage and will sanction any act toward compelling the residents of the beach to live up to the law. The law is very distinct and reads as follows:

"It shall be unlawful for any person or persons to live in or occupy any boat or water craft as a place of residence or abode, or for the purpose of engaging in any business, trade or traffic on any of the navigable waters or the tributaries within the jurisdiction of the state until there has been granted to such person or persons by the probate judge of the county in which such boat or water craft shall lie or ply, a license to live in or occ such boat or water craft as a place of residence or abode and to engage in the business, trade or traffic

"The applicant for a license shall before such license be granted furnish satisfactory proof of good character and file in the probate court a statement subscribed and sworn to by said applicant, setting forth his or her legal residence, the name of the boat or water craft on which he or she resides or intends to reside, the name and age of each member of the fam-

"It is herein further provided that the name of the boat shall be painted on both sides of the boat in letters not less than 12 inches in height and that the words, 'Licensed in county, Ohio,' be painted on both sides of the said boat in letters not less than six inches in height."

After compliance with section No. 2 of this act and upon the payment of a license fee of \$10 and the probate judge's fee of \$2 the applicant shall be granted a license for one year.

The money shall go into the county treasury and it shall be credited to the school fund.

INVESTIGATION ASKED.

Representative Gaines of West Vir. Three Condemned Murderers Pay ginia Alleges a Trust. Washington, April 22.-Representa-

tive Gaines of West Virginia has introduced a resolution reciting that "it is a matter of common statement' that the Pennsylvania railroad, the Baltimore and Ohio, the Chesapeake and Ohio and the Norfolk and Western have plans designed to effect a "community of interest." including ownership of portions of the stock or bonds of some of the companies by the others and changes in the boards of directors, by which common control or direction has been and is being applied to the operation and rates of the lines mentioned. The resolution concludes with pro-

vision for an investigation of these allegations by the interstate commerce commission, which is to report its findings to the house on or before Dec. 31, 1904. The resolution was reand foreign commerce.

BANDITS HANG TODAY.

Penalty for Their Crimes.

Chicago, April 22.-For a crime without parallel in Chicago's history the penalty of the law will be exacted of the carbarn bandits on the scaffold today. The exact hour of the execu tion has not yet been decided upon, but it will take place some time between 10 o'clock and noon. Neither has it been decided which of the three bandits will be executed first.

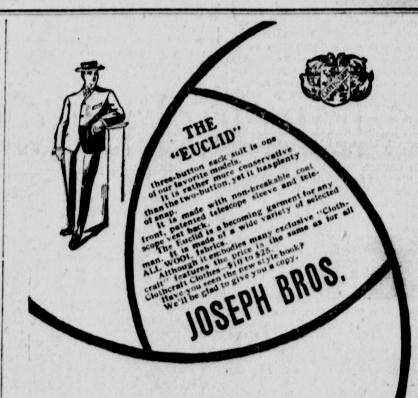

Neidermeier is still in bed, weak from injuries inflicted in his attempt at suicide Monday morning, but Dr. McNamara, the jail physician, declared last night that Neidermeier would be sufficiently strong to walk to the scaffold.

With all hope of clemency gone the three murderers last night seemed resigned to their fate and retired early. Governor Yates, following the recommendation of the state board of parferred to the committee on interstate dons, declined to stay the execution of Vandine.

> The execution of Neidermeier was threatened with legal interference for a time, when attorneys representing James Sammons and John Lynch, who are under death penalty for the murder of Saloonkeeper Patrick Barrett, began proceedings of a habeas corpus nature. No judge could be found, however, who would agree to grant the requests.

SHANTY BOATS NEED A LICENSE

The State Law on the Subject Very Plain In Its Pro-

visions.

BOATMEN MUST MOVE ON

Unless They Are Disposed to Comply With the Provisions of the Statute. Fee Not Large and Money Goes to the County.

The shanty boats moored under the river bank from the eastern to the western limits of the city must go any craft attached to the Ohio side of the river. The law is very stringent and a movement will be started to have it enforced.

Hardly a day passes that there is not a complaint of some kind registered against the inhabitants of the shanty town districts. Chief Wyman stated yesterday that he has threatened to move the boats time and again, but that the owners of the boats invariably tell him that he has no jurisdiction; that they are protected by the marine law and that no local official can govern them. It is deplored by the citizens in general that the city should be so marred by the long list of boats on its frontage and will sanction any act toward compelling the residents of the beach to live up to the law. The law is very distinct and reads as follows:

"It shall be unlawful for any person or persons to live in or occupy any boat or water craft as a place of residence or abode, or for the purpose of engaging in any business, trade or traffic on any of the navigable waters or the tributaries within the jurisdiction of the state until there has been granted to such person or persons by the probate judge of the county in which such boat or water craft shall lie or ply, a license to live in or occ such boat or water craft as a place of residence or abode and to engage in the business, trade or traffic therein specified.

"The applicant for a license shall before such license be granted furnish satisfactory proof of good character and file in the probate court a statement subscribed and sworn to by said applicant, setting forth his or her legal residence, the name of the boat or water craft on which he or she resides or intends to reside, the name and age of each member of the fam-

"It is herein further provided that the name of the boat shall be painted on both sides of the boat in letters not less than 12 inches in height and that the words, 'Licensed in county, Ohio,' be painted on both sides of the said boat in letters not less than six inches in height."

After compliance with section No. 2 of this act and upon the payment of a license fee of \$10 and the probate judge's fee of \$2 the applicant shall be granted a license for one year.

STERILITY

How shall a mother who is weak and sick with some female trouble bear healthy children? How anxious women ought to be to give their children the blessing of a good constitution! Many women long for a child to bless their home, but because of some debility or displacement of the female organs, they are barren.

Preparation for healthy maternity is accomplished by Lydia E. Pinkham's Vegetable Compound more successfully than by any other medicine, because it gives tone and strength to the parts, curing all displacements and inflammation.

Actual sterility in woman is very rare. If any woman thinks she is sterile, let her write to Mrs. Pinkham, Lynn, Mass., whose advice is given free to all expectant or would-be mothers. The medicine that instantly asserts its curative powers in the ills of women is

"DEAR MRS. PINKHAM: - During the early part of my married life I was very delicate in health. I had two miscarrages, and both my husband and I felt very badly as we were anxious to have children. A neighbor who had been using Lydia E. Pinkham's Vegetable Compound advised me to try it, and I decided to do so. I soon felt that my appetite was increasing, the headaches gradually decreased and finally disappeared, and my general health improved. I felt as if new blood coursed through my veins, the sluggish tired feeling disappeared, and I became strong and well.

"Within a year after I became the mother of a strong healthy child, the joy of our home. You certainly have a splendid remedy, and I wish every mother knew of it. Sincerely yours, Mrs. Anna Potts, 510 Park Ave., Hot Springs, Ark."

"Dear Mrs. Pinkham: - I was married for five years, and gave birth to two premature children. After that I took Lydia E. Pinkham's Vegetable Compound, and it changed me from a weak, nervous woman to a strong, happy and healthy wife within seven months. Within two years a lovely little girl was born, which is the pride and joy of our household. If every woman who is cured feels as grateful and happy as I do. you must have a host of friends, for every day I bless you for the light, health and happiness your Vegetable Compound has brought to my home. "DEAR MRS. PINKHAM: - During the early part of my married life I was very delicate in health. I had two miscarrages, and both my husband and I felt very badly as we were anxious to have children. A neighbor who had been using Lydia E. Pinkham's Vegetable Compound advised me to try it, and I decided to do so. I soon felt that my appetite was increasing, the headaches gradually decreased and finally disappeared, and my general health improved. I felt as if new blood coursed through my veins, the sluggish tired feeling disappeared, and I became strong and well.

"Within a year after I became the mother of a strong healthy child, the joy of our home. You certainly have a splendid remedy, and I wish every mother knew of it. Sincerely yours, Mrs. Anna Potts, 510 Park Ave., Hot Springs, Ark."

"DEAR MRS. PINKHAM: - I was married for five years, and gave birth to two premature children. After that I took Lydia E. Pinkham's Vegetable Compound, and it changed me from a weak, nervous woman to a strong, happy and healthy wife within seven months. Within two years a lovely little girl was born, which is the pride and joy of our household. If every woman who is cured feels as grateful and happy as I do, you must have a host of friends, for every day I bless you for the light, health and happiness your Vegetable Compound has brought to my home. Sincerely your friend, Mrs. MAE P. WHARRY, Flat 31, The Norman, Milwaukee, Wis." Sec. Northshore Oratorical Society.

WORK OF LEGISLATURE.

Henate Passes Bill Qualifying the Fel low Servant Law.

Columbus, O., April 22.-The senate passed the Williams bill qualifying the fellow servant law. The bill now provides that where an employe continues to work with defective ma chinery with the knowledge that the Pittsburg & Charleston same is defective, that fact cannot be made a defense for the employed where it can be shown that the employer is guilty of failure to obey the penal statute. Judgments are limited to \$5,000 for death and \$3,000 for injury. It is an administration measure.

Henlein's direct inheritance tax bill passed the senate by a vote of 18 to 10. The measure imposes a tax of 2 per cent on any direct inheritance in excess of \$200. The house passed the Austin juvenile court bill creating such a court in each county. The judge is to be selected by common pleas and probate judges from their number. Children are to be isolated from adult criminals in jails and tried in special court rooms.

The house also passed Mr. Dunlap's bill to license dealers in commercial feed, fee \$25, payable to the secretary of state, and to have an analysis made by the state board of agriculture printed on the package.

The nouse committee on fees and salaries voted to indefinitely postpone the county salary bill. The school code committee will report the compromise measure to the house with but one important change in the bill as it passed the house. This will be the switch to the flexible board plan.

MOYER IS PRODUCED

Colorado Militia Obeys Order of United States Circuit Court.

UNION OFFICIAL BADLY HURT

Secretary Haywood Bayoneted and Clubbed With Muskets Until Insensible-Was Assaulted by Officer While Speaking With Moyer.

Denver, April 22.-President Charles H. Moyer of the Western Federation of Miners, who arrived in Denver in custody of state troops after several weeks' incarceration at Telluride, where martial law is in force in consequence of labor troubles, was taken before the state supreme court under the writ of habeas corpus which had been issued in his case. At the Oxford hotel he entered a hack with General Sherman M. Bell and Captain Bulkley Welles, the respondents to the writ, and the vehicle was driven rapidly to the state house, followed by 32 armed soldiers, who guarded the entrance to the court room while the habeas corpus proceedings were in

progress. Attorney General Miller and Attorney Waldon appeared in court for the governor and military authorities, and Attorney Richardson in behalf of Mr. Mover. Chief Justice Gabbert and Justice Steele were on the bench, Justice Campbell being absent.

Military Necessity Urged. The return to the writ presented by Spring Styles In Attorney General Miller set forth that the petitioner, Moyer, is lawfully restrained of his liberty under and pursuant to the express command of the governor and commander-in-chief of the military force of the state of Colorado as a military necessity, in the course of the suppression of an existing state of insurrection in the county

of San Miguel. General Bell's answer, in which he represented that all acts of the other respondent, Captain Welles, were performed under command of his superior officer (Bell); declared that Moyer was an active participant in fomenting and keeping alive the insurrection and rebellion in San Miguel county, and that it was necessary to restrain him for some time to come. Beil further represented that he had been ordered by the governor not to release Moyer, either upon writ of habeas corpus or otherwise until so commanded by the governor.

The court heard arguments on a motion of the petitioner to be admitted to bail pending a decision on the question of the court's jurisdiction and took the matter under advisement. Mr. Moyer was then removed to the hotel in custody of the military.

Miners' Official Bayoneted. When the train bearing Moyer arrived a general fight followed. There were a number of persons at the depot place, who was expected to die, had to meet the party, among them Secrehis life saved by Dr. King's New Dis- tary Haywood of the Western Federacovery for Consumption. He writes: tion of Miners. Haywood walked into the train and shook hands with Moyer. Captain Bulkley Welles immediately made a move toward Haywood to strike him. Haywood knocked Welles down, when two soldiers attacked Haywood, knocking him under a car seat.

Haywood was then arrested and lung troubles. Price 50 cents and \$1. with Moyer taken to the Oxford hotel. There the trouble broke out Larkins, C. G. Anderson, J. D. Hollo afresh when Haywood knocked two soldiers down. The other troopers making up the guard mixed in the fight and Haywood was bayoneted and clubbed with muskets until he was insensible. A riot call was turned in, but when the police arrived the soldiers refused to surrender Haywood.

Haywood recovered consciousness and was given medical treatment. The military officials stated that they would hold him on a warrant, sworn out some time ago, charging him with desecrating the flag. Chief of Police Armstrong has not yet made a formal demand for the surrender of Haywood, who is constructively under arrest in Denver on a similar charge.

WORK OF LEGISLATURE. Menate Passes Bill Qualifying the Fel low Servant Law.

Columbus, O., April 22.-The senate passed the Williams bill qualifying the fellow servant law. The bill now provides that where an employe continues to work with defective machinery with the knowledge that the same is defective, that fact cannot be made a defense for the employed where it can be shown that the employer is guilty of failure to obey the penal statute. Judgments are limited to \$5,000 for death and \$3,000 for injury. It is an administration measure.

Henlein's direct inheritance tax bill passed the senate by a vote of 18 to 10. The measure imposes a tax of 2 per cent on any direct inheritance in excess of \$200. The house passed the Austin juvenile court bill creating such a court in each county. The judge is to be selected by common pleas and probate judges from their number. Children are to be isolated from adult criminals in jails and tried in special court rooms.

The house also passed Mr. Dunlap's bill to license dealers in commercial feed, fee \$25, payable to the secretary of state, and to have an analysis made by the state board of agriculture printed on the package.

The nouse committee on fees and salaries voted to indefinitely postpone the county salary bill. The school code committee will report the compromise measure to the house with but one important change in the bill as it passed the house. This will be the switch to the flexible board plan.

TIME HADN'T COME.

Coal Miner Survives Injuries Enough to Kill Ten Men.

Altoona, Pa., April 22.-The worst injured man in the world who lives to tell the story is now living in Altoona. His name is Alfred Campbell, and he has a wife and four children depend ent upon him.

While at work in the South Whit mer coal mine, near Coalport, the mine caved in on him and the doctors diagnosed his case thus: Back broken in three places, necessitating removal of 16 pieces of vertebrae; skull crush ed in, necessitating silver plate to protect brains; legs crushed and broken in three places; arms broken in three places; hands crushed; all ribs on left side broken; left shoulder blade broken in two places; feet mangled and internal organs injured.

For a week he lay gaining strength for the operation, and for over two months he was unconscious, only to awake and find himself paralyzed from the waist down. He makes a living selling trinkets along the street. He has saved enough to start a store.

A Great Sensation.

There was a big sensation in Leesville, Ind., when W. H. Brown, of that place, who was expected to die, had his life saved by Dr. King's New Discovery for Consumption. He writes: tion of Miners. Haywood walked into "I endured insufferable agonies from the train and shook hands with Moyer. asthma, but your New Discovery gave me immediate relief and soon thereafter effected a complete cure." Similar cures of consumption, pneumonia. bronchitis and grip are numerous. It's seat. the peerless remedy for all throat and lung troubles. Price 50 cents and \$1. Guaranteed by Will Reed, Charles T. Larkins, C. G. Anderson, J. D. Holloway, druggists. Trial bottles free.

Nominated on 664th Ballot. Findlay, O., April 22.-Ralph D. Cole of Hancock county was nominated last night for congress by the eighth Republican congressional convention on the 664th ballot. The delegates to the national convention are W. R. Warnock and Arthur H. Jones. They were instructed for Roosevelt.

weeks' incarceration at Telluride, where martial law is in force in consequence of labor troubles, was taken before the state supreme court under the writ of habeas corpus which had been issued in his case. At the Ox- F. E. Allen's ford hotel he entered a hack with General Sherman M. Bell and Captain Bulkley Welles, the respondents to the writ, and the vehicle was driven rapidly to the state house, followed by 32 armed soldiers, who guarded the entrance to the court room while the habeas corpus proceedings were in progress.

Attorney General Miller and Attorney Waldon appeared in court for the governor and military authorities, and Attorney Richardson in behalf of Mr Moyer. Chief Justice Gabbert and Justice Steele were on the bench, Justice Campbell being absent.

Military Necessity Urged. The return to the writ presented by Attorney General Miller set forth that the petitioner, Moyer, is lawfully restrained of his liberty under and pursuant to the express command of the governor and commander-in-chief of the military force of the state of Colorado as a military necessity, in the course of the suppression of an existing state of insurrection in the county of San Miguel.

General Bell's answer, in which he represented that all acts of the other respondent, Captain Welles, were performed under command of his superior officer (Bell); declared that Moyer was an active participant in fomenting and keeping alive the insurrection and rebellion in San Miguel county, and that it was necessary to restrain him for some time to come. Beil further represented that he had been ordered by the governor not to re lease Moyer, either upon writ of habeas corpus or otherwise until so commanded by the governor.

The court heard arguments on a motion of the petitioner to be admitted to bail pending a decision on the question of the court's jurisdiction and took the matter under advisement. Mr. Moyer was then removed to the hotel in custody of the military. Miners' Official Bayoneted.

When the train bearing Moyer ac rived a general fight followed. There were a number of persons at the depot to meet the party, among them Secretary Haywood of the Western Federa-Captain Bulkley Welles immediately strike him. Haywood knocked Welles down, when two soldiers attacked Haywood, knocking him under a car

Haywood was then arrested and with Moyer taken to the Oxford hotel. There the trouble broke out afresh when Haywood knocked two soldiers down. The other troopers making up the guard mixed in the fight and Haywood was bayoneted and clubbed with muskets until he was insensible. A riot call was turned in, but when the police arrived the soldiers refused to surrender Hay-

Haywood recovered consciousness and was given medical treatment. The military officials stated that they would hold him on a warrant, sworn out some time ago, charging him with desecrating the flag. Chief of Police Armstrong has not yet made a formal demand for the surrender of Haywood, who is constructively under arrest iu Denver on a similar charge.

YOUR HUSBAND **WORKS TOO HARD**

Nearly every wife feels that her husband works too hard, and worries because he will not take the rest she knows he needs. She sees how tired and exhausted he is at night and how his sleep fails to rest him. She knows that his business is killing him-but she also knows that he will stick to his work just as long as he is able to stand.

If he could only take a vacation, if she could only get him away from business for a few weeks-but that is out of the question.

It is in cases of this kind that Rexall Mucu-Tone proves its rare

We could do a great work if we could only convince every woman who reads this newspaper that Rexall Mucu-Tone will do her tired-out husband as much good as a vacation - that it will brace him up physically and mentally, replenish his waning vitality and make him strong and well.

WHAT CATARRH REALLY MEANS. Mucu-Tone is primarily a catarrh cure, but the term catarrh is very broad. It signifies a congestion of the mucous membranes due to the inability of the body, through close confinement and lack of outdoor exercise, to throw off the poisons that gather in the system. a condition that affects the entire organism of the sufferer, causing him to feel run down, worn out, weak, nervous and despondent.

Mucu-Tone not only corrects these conditions, driving out the poisons and restoring health, but it is a powerful tonic and systembuilder as well. It brings new

energy, cheerfulness, hopefulness, after the first few doses, and its continued use for a few weeks works permanent benefits in the nerves, muscles and sinews of the entire

Just persuade your husband to try Mucu-Tone, and note the wonderful change within a few days. It is your duty, and when he experiences the new life and strength it brings him, he will thank you

from the bottom of his heart. You need not hesitate buying a bottle of Rexall Mucu-Toneour guarantee protects you completely. If for any reason you
